## Four Are Victims Of Auto Mishaps During Past Week

Four men were killed and at laest six others injured, two seriously, in automobile accidents in this area during the weekend.

The dead were:

Paul Schunici Yasui, 46, Sacramento.

Charles H. Green, 37, San Francisco.

Lee Gusta Brown, 34, San Francisco.

Yasui suffered fatal injuries Saturday night at 9:30 when his car was struck headon by one driven by James Elem Jones, 40, Oakland, a mile and a half east of Rainbow Tavern.

State Patrolman William Gautsche said Jones would be cited for making an illegal pass. He was attempting to pass a truck on a crest when he met the Yasui car. Jones and Yasui were taken to the Tahoe Forest Hospital by Truckee ambulance and the latter expired early Sunday. Both men were alone in their cars.

**Speed Blamed**

Green, Brown and Harris, were killed in a mishap between Hirschdale and Boca Sunday evening at 6:15 in which three cars and a cattle truck were involved.

Green was speeding west and attempted to pass a truck loaded with cattle and driven by Duane L. Cross, 36, Fernley, Nevada on a curve and met a car driven by Wilton Frederick Herz of Reno. The Green car clipped the fender of the Herz machine causing the former to get out of control and smash headon into a third machine driven by Jackie Lee Jackson, 22, Nellis Air Force Base, Nevada.

The impact caused the Green car to overturn on the highway and th truck load of cattle, unable to stop on the highway and the cattle truck overturned, spilling the load out. None were damaged however. The truck, continued and literally ran over the Green station wagon crushing the occupants.

Jackson and his companion, Frederick Lee DeLong, 22, were taken to the hospital by Truckee ambulance, the former in serious condition. Neither Herz nor Cross suffered injury.

It took the combined efforts of two tow trucks to pull the truck and car apart so the bodies could be removed. Traffic over Highway 40 was delayed more than three hours. Sgt. Frank Snyder and Patrolmen William Gautsche, Bud Meixner, and Carroll Maynard were on the scene to investigate and assist.

**Three Hurt**

An hour after the fatal Rainbow collision Saturday, a second headon occurred a mile east of Truckee in which three were injured and taken to the local hospital.

Cars driven by Fred W. Anderson, Nevada City and Enoch A. Hunter, Oakland, collided when Anderson attempted to make a bad pass. A third car, driven by Mary Marcia McCandless of Daly City was also involved.

Anderson, Hunter and Phyllis Kotlar, the latter from San Leandro and in the Hunter car, were hospitalized.

**Cars Spill**

A transport truck loaded with new Plymouth cars overturned near Hirschdale Saturday morning and the driver, Robert E. Johnson, Denver, was cited for having faulty equipment by Patrolman Meixner. The driver was not hurt.

## OLD TIME DANCES TO BE TAUGHT LOCALLY

Anyone wishing to learn the fine art of folk and square dancing is invited to join the Donner Dancers each Thursday evening from 8:30 to 10:30 for free lessons, Lloyd Everett, head of the local dancers, announced.

The dances are to be hled at the Veterans' Memorial building, where the regular squares and circles are formed on Friday evenings.

**TRIAL TO CONCLUDE**

Indications are that the trial of Wesley Fair of Truckee and his father in law, R. L. Hall of Los Angeles, accused of assault by Peter DeFonte of Sacramento will conclude in the Truckee Judicial District Court today. Justice of the Peace Victor Montre of Grass Valley is presiding. District Attorney Vernon Stoll is handling the prosecution and Harold Berliner of Nevada City is the defense attorney. The dispute involved possession of a deer killed on the opening day of the season.

**LIONS ACCEPT PLAQUE**

A suitable plaque in appreciation for the donation of an ice making machine for the Tahoe Forest Hospital was presented to the Lions Club last night. Visitors were Victor Montre and Vernon Stoll of Grass Valley, Harold Berliner of Nevada City and Al R. Ford of Carmichael. Roy Waters presided.

Mr. and Mrs. Jesse Stricklin arrived from Los Angeles last Thursday to visit the Dale Stricklins.

## Funds For Streets Used As Truckee Project Is Delayed

Truckee's streets will not be surfaced at least until next summer. This disappointing news was announced this week by Supervisor H. G. Loehr who said that the $20,000, allocated for the local job on a No. 1 priority by the board of supervisors, has been diverted into other county projects by the county commissioner's office.

Loehr had made arrangements wth James J. Rudy & Sons of Fresno, who recently completed a job on Donner Summit, to do the local work this fall. However, when Noble McCormack of the road commissioner's office went to Fresno to complete the contract, he was prepared only to present a plan for time payment, which the contractors could, or would not, accept.

"That means," Loehr declared, "that the project canont be done for another year. I am disturbed and disappointed and will do all I can to have the matter adjusted at once."

The $20,000 appropriation, Loehr said, had been accumulated over two years in order to provide ample funds for the Truckee street job. Where it was spent and why are the questions the local official will ask at a meeting of the board next week.

"No money for Truckee was allocated this year because the $20,000 was, or had been, made available," Loehr declared. "Why it was not kept intact for the purpose it was intended was not explained by the road commissioner's office," he added.

This allocation came from justice court fees and fines, Loehr explained, and it becomes apparent that the approximate $36,000 submitted anually by Judge F. W. Wilson from the Truckee judicial court, is not, even in part, being returned to this district.

## Group Presents Bridge Argument

Economic losses, severe personal inconvenience and discouragement of tourist travel were cited as arguments for an all-year, low level road on the west side of Lake Tahoe by a group of El Dorado county businessmen who appeared before the state highway commission at Sacramento last Thursday.

The problem involves the bridging of the mouth of Emerald Bay, which is vigorously opposed by the state park commission, which desires to maintain the "natural beauty" of the area and feels the bridge would detract from the scenic attractiveness

George Kehlet, owner of Meek's Bay, told the commission he did not feel that the present road ever would be a "road." 'The cow trail must be changed," he said.

The road has been closed all summer due to a landslide which the state division of highways is still working to clear.

Don Huff, Homewood, told the commission that gasolen business dropped off more than half over last year.

"Progress at Lake Tahoe," he said, "has reached the point where we can't get along with a highway closed six to eight months of the year. We must have an all-year highway," he added.

The El Dorado county board of supervisors submitted a resolution in favor of a low-level bridge, and this was concurred in by State Senator Swift Berry, Placerville, Assemblyman Francis Lindsay, Loomis.

### *In Boston*

Mrs. Roxie Archie went by airplane on Saturday for Boston, Mass., where she is at the bedside of an aged aunt who is seriously ill.

Mrs. Archie first went to San Francisco where she was met by Mrs. Joe King of Kings Beach, boarding the plane at the bay city.

### *Dolley Grandfather*

Mr. and Mrs. James Luke welcomed their first child, a boy, who arrived October 18 at Sacramento.

The husky lad, weighing in at 9 pounds, 1 ounce is the grandson of Constable N. F. Dolley.

The mother is the former Jean Dolley who attended school here before her marriage.

## First Snow Storm Leaves 10 Inches; Temperature Low

A quite liberal sample of things to come was delivered in this area by Mother Nature Tuesday when 10 inches of snow fell at the Truckee ranger station bearing .91 of an inch of precipitation.

Then as an early winter bonus, the temperature Wednesday morning dipped to a new low record for this time of the year with a snappy five degrees above zero.

The snow, accompanied by a west wind caused a brief delay in travel over Donner Summit Tuesday morning and skid chains were required throughout the day. A number of cars and trucks skidded into the ditch, but no major accident was reported as a result of the first major storm of the season.

Roy W. Saarni, U. S. Forest Service ranger here, reported a total of 2.45 inches of precipitation for the month of October.

Saarni, who is new in the area, has been reading up on the early history of the region and recalled that 110 years ago on October 13, the Donner Party was halted in its westward travel by a series of heavy snow storms, and failed to continue throughout that tragic winter. Conditions during the 110 years have improved, however, and any fear of a reoccurence may be dismissed.

## Travel Still High Through Truckee

Although travel entering California over Highway 40 by way of the Truckee quarantine station during September was 12,315 automobiles less for August, it showed an increase of nearly 10,000 over September of 1955.

The monthly report from the department of agriculture shows that during last month 67,528 cars, 3291 commercial vehicles and 815 buses were checked going west through the station, compared to 79,843 autos during August and 57,664 during September, 1955.

Only one border station, Yermo in southern California, was ahead of Truckee in traffic volume, and that only 7000 cars. None of the other 15 stations were close, with most being less than half the local number.

On Highway 40 at Meyers 24,266 cars, 287 trucks and 20 buses were checked during last month, compared to 33,165 cars during August and 20,696 during September, 1955.

The Woodford station was closed for the winter on September 3.

## HALLOWEEN PARTIES ARE ON SCHEDULE

At least two Halloween parties are planned.

Helen and Bud Bradshaw will be hosts at their annual party at Donner Lake Lodge where a midnight buffet will be anattraction Saturday night.

At Smart's, Reg Smart and Eddie Sardi will be hosts and prizes will be awarded for the best costumes. This event is slated for Wednesday

Everyone is invited to both parties and a good time is assured.

### *Need Chains*

Mrs. Don Schuler, home service chairman for the American Red Cross has sent out an appeal to all who have used car chains they will give to itinerant motorists traveling in the winter with meager funds. Mrs. Schuler may be reached by telephoning 337.

## Attorney Speaker At Rotary Club Meeting

Gerald Wallace, Auburn attorney, spoke before the meeting of the Truckee Rotary Club Monday night at Donner Lake Lodge. He was accompanied by Kern Tindall, another Auburn attorney. Visiting Rotarians included Melvin Pinkham of Eureka, Carl Olson of Oakland and P. A. Doyle, a Truckee Lion.

Miss Sharon Tremayne, queen of the Truckee Outdoor Sportsmen, was a special guest, having been the Rotary Club's candidate at the recent buck stew.

## Budget For Roads Provides Projects For Local District

The state highway commission will spend $2,695,000 in Nevada county during the 1958-59 fiscal year, it announced by the Capitol News Service in Sacramento.

The projects are:

.2 mile south of Squaw Valley road to Truckee Wye, grade, surface and structures, widening, 9.4 miles, $1,450,000.

Acquire rights of way, including $600,000 for U. S. 40 freeway in Truckee area, $895,000.

Boca to Floriston (portions); detour for future 4-lane freeway construction, $350,000.

In addition the commission plans to spend $3,100,000 from Hampshire Rocks to Soda Springs in Placer and Nevada counties on U. S. 40 for a four-lane freeway, extending 5.7 miles.

## Many Items Will Be On Lake Agenda

KINGS BEACH—State Senator Harold T. Johnson is sponsoring a public meeting to be held Thursday, November 8 from 9 a.m. until 4 p.m. at Crystal Bay Club to discuss a number of important matters pertaining to the future of this entire area as a guide for his program when the state legislature resumes in January.

Fred Schultz, president of the Lake Tahoe-Sierra Chamber of Commerce, is arranging for the meeting and extends an invitation to everyone in the region to attend and voice their wishes and make recommendations to be approved by the meeting.

A number of state agencies will be represented at the meeting, Schultz said. Among them will be the highway patrol, public health, beaches and parks, interstate water compact committee, division of highway, state lands department, fish and game, industrial safety and winter Olympic Commission.

The meeting is not alone for Tahoe but for Truckee, Donner Summit and other sections of the region interested in the forthcoming legislation.

## TRUCKS, CARS TIE UP TRAVEL FOR 4 HOURS AT CISCO

A four-hour tie-up of traffic on U. S. Highway 40 a mile west of Cisco Tuesday between 11:30 a.m. and 3:30 p.m. resulted in two truck drivers and four other motorists receiving citations and six head of cattle being killed.

Patrolman Martin Sturcke said eight cars and the two trucks were involved.

One of the trucks loaded with cattle and driven by R. V. Austin of Payette, Idaho, clipped two or three of the stalled cars and then went into a ditch, killing six cattle.

The second truck, an Asphalt Service Company tank and trailer, driven by Stanley A. Easton, also crashed some of the stalled cars when the driver was unable to stop. None was injured. Citations were issued for driving without due caution on the slippery highway.

## YOUTH HELD HERE ON ROBBERY CHARGE

Lester Ludwig Eaton, 18, of Boulder Creek, accused with Johnny G. Butler, now awaiting trial for a service station robbery at Santa Cruz, of breaking into the Aro and Hanson summer homes at Kingvale and taking numerous items, was arraigned before Judge F. W. Wilson last week.

Bail was set at $1000. He received a three-year suspended sentence on the Santa Cruz charge.

**SKI CLUB DINNER**

A benefit pot-luck dinner at the Tahoe Community Center Friday, November 2 at 6 p. m. will mark the opening of the year's activity for the Squaw Valley-Lake Tahoe Ski Club. Preceeds will go for the benefit of the junior skiers. Mrs. Blanche Donaldson, president, is heading the committee in charge.

## Highway Meeting Here October 30 To Decide Route

A public meeting has been called by District Engineer J. W. Trask of the California Division of Highways in connection with a proposal for a future freeway routing of 10.3 miles of U. S. 40 between Soda Springs and 1.3 miles west of the Truckee Wye, in Nevada and Placer counties.

State Highway Engineer G. T. McCoy has instructed Trask to hold a public meeting to explain the various studies and the tentative route proposal made by the engineers.

The meeting will be held in the Veterans' Memorial building on October 30 at 3 p.m. in Truckee.

The division of highways urges all interested officials, individuals, and civic groups to attend the meeting and to present any information which may be pertinent to freeway routings for the portion of U. S. 40 concerned.

The studies by the division of the proposed routing between Soda Springs and the junction of U. S. 40 and State Highway 89 include all of the numerous factors which influence the location of a highway through developed and semi-developed areas.

In addition to local conditions, Trask pointed out that all route studies on U. S. 40 have to take into consideration the importance of the road as a main transcontinental highway and a part of the Federal Interstate Highway System.

**New Route**

The tentative routing of this portion of U. S. 40 begins at the easterly end of the previously adopted route between Hampshire Rocks and the Soda Springs crossing the existing road west of and passing to the north of Soda Springs. Thence continuing in a northeasterly direction passing approximately 1¾ miles north of Donner Summit in the vicinity of the West Lakes.

From this point the proposed alignment continues in a generally easterly direction north of the existing highway to the westerly end of the previously adopted relocation betwen 1.3 miles west of the junction of U. S. 40 and State Highway 89.

## First Aid Classes Will Be Conducted At Lake

Everyone interested in obtaining a standard first aid certificate or renewing their old one is invited to join the American Red Cross First Aid class being started Monday, October 29th at 7:30 p.m. at Tahoe Lake school. The instructor will be Mrs. Marie Henry of Tahoe City, who for a number of years has taught first aid to scores of classes.

The classes were designed for the school bus drivers at the request of School Superintendent John Corbin but anyone is invited to participate. Eighteen hours are required to complete the series of lessons.

## Baby Sitting Service For Those Wishing To Vote

For the benefit of those who desire to vote at the November 6th general election but who are unable to do so because they have small children at home or lack transportation, this year will be able to fulfill their obligation.

Hal Welch, member of the County Republican Central Committee and N. F. Dolley will head a committee to provide transportation between the hours of 4 and 7 p.m. and Mrs. Dorothy Rose, local Girl Scout leader, announced she would provide baby sitting service during the same hours.

## Runaway Juveniles Are Taken From Train Here

NEVADA CIT—Three run-away juveniles, two from Richmond and one from Tucson, Ariz., have been taken into custody by sheriff's deputies to await arrival of their parents.

The two boys from Richmond, ages 15 and 16, were apprehended when they got off a freight car at Truckee. The girl, 16, was called for by sheriff's deputies when a relative in Grass Valley called the officers. She was also awaiting her parents' arrival here.

## Reynolds To Open Appliance Store In Gateway Park

Reynolds Motors this week marked a new step in their history by occupying a new store located at the Gateway Shopping Center in Truckee and expanding their operation into the appliance field.

Now operating as Reynolds Motors and Appliances, B. W. "Sarge" and Rosita Reynolds, well known local residents, will be serving this community with Westinghouse electrical appliances and allied merchandise—carrying a complete line of equipment for the home—ranges, refrigerators, freezers, laundry equipment, water heaters, food waste disposers, radio, television and the new and popular built-in appliances.

Mr. and Mrs. Reynolds have long taken an active and interested part in the business and trade circles of this community and realizing the rapid growth of this area, have expanded their operation to better serve the people of Truckee and near-by vicinity and to keep pace with the ever increasing demand for modern top quality equipment.

Only quality merchandise will be carried by Reynolds Motors and Appliances and a dependable service policy is being put into operation immediately. The Reynolds cordially invite all the residents of this area to visit them at their new location. An informal open house showing for the public will continue this week.

## Wolverines Lose To Lovelock Team

The Tahoe-Truckee Wolverines, playing with a revamped lineup, dropped a 32 to 7 decision to the Lovelock Mustangs last Saturday night on the Mustang's newly lighted field. The Wolverines went with a lineup consisting of three seniors, four juniors and four sophomores.

The Wolverines picked up their lone TD for the evening late in the fourth period when sophomore Quarterback Craig Robinson, starting his first game, pulled off a beautiful pass play to End Dave Rickert who fought his way into the end zone, thereby climaxing a 70-yard play and putting Tahoe-Truckee on the scoreboard. Frank Giovannoni's placement split the uprights for the seventh point.

The Wolverines sorely missed the services of some key men, among them being injured Jim Harris and regular Quarterback Floyd Cooper, Sophomores Rex Donaldson and Robinson, however, did outstanding jobs in fulling in for these two regulars. Along with these men, Coach Stan Drakulich singled out Sophomores Buz Trainor and Bob Williams for their fine play.

This Saturday at 2 p.m. the Tahoe-Truckee High School climaxes their 1956 homecoming activities with the annual football game against the Stewart Braves. Snow and wet weather dampened many of the scheduled activities for the week, but still on theagenda is the Thursday Color Day at the school, the Friday Pep Rally and crowning of the homecoming queen, the football game and the homecoming dance Saturday evening at the high school.

The Stewart Braves, winless in six starts this season, will be meeting a Wolverine squad that has played some terrific ball but has not been able to hit the win trail as yet either.

**HUNTERS WARNED**

Captain Kenneth Hooker of the department of fish and game today warned hunters in the eastern end of Nevada and Sierra counties to watch carefully for the posted areas in the either-sex deer hunt starting Friday for three days. He pointed out no hunting is permited on the east side of the Dog Valley road from Purdy to the east end of Dog Valley.

Hunters were asked to study the fish and game law before going into the area.

**DEADLINE NEARS**

Wednesday, October 31, is the deadline for filing California Unemployment Insurance wage reports and contribution returns for the third quarter of 1956, Scot C. Harrington, auditor in charge for the state department of employment in Placerville today reminded employers.

## Experts Give Local Olympic Site O.K. Following Survey

Experts representing the Federation Internationals de Ski have given wholehearted approval to Squaw Valley as the site for the 1960 Winter Olympics. Only a few minor changes in the plan were recommended.

Plans for the facilities were unveiled Saturday in San Francisco by State Director of Finance John M. Peirce with the full approval of Gov. Goodwin J. Knight to make the site a permanent state recreational area. Joseph Knowland, chairman of the state beaches and parks commission, also spoke highly of the plan and offered his full support.

**The possibility that Truckee—the pioneer winter sports center in the west—may be chosen as the terminal for the cross country Olympic races, loomed with the announcement that the terrain at Squaw Valley is unsuited for this event. The experts have tentatively chosen Chambers Lodge at Lake Tahoe for this terminal, with Truckee as an alternate and favored strongly by some.**

The state legislature has voted $5,000,000 for the project, but in order for all facilities to be made permanent, as requested by the United States Olympic Committee, an additional sum of approximately $2,000,000 will be required.

**Pleased With Locale**

Sunday the European committee was feted at a meeting in Reno and Monday made a survey of Squaw Valley which they stamped as "excellent."

"The delegation is satisfied that arrangements as planned by the California Olympic Organizing Committee for the 1960 Winter Olympic games are excellent and events will be held under the best possible conditions," said the report after the committee had inspected this Sierra site.

The FIS experts added that the general plan for accomodations of skiers is satisfactory and that nearby communities, such as Tahoe City, Truckee and Reno, have more accomodations for the general public than had been believed to be the case in Europe.

"Transportation plans also exceeded our expectations," the report said.

**Suggest Changes**

Reservations listed in the report included "lack of sufficient steep and difficult ground for the men's downhill, the altitude of the cross countrv course and the fact the lack of snow prevented inspection as to the safety of the downhill and slalom courses."

The committee said that with a reduction in the vertical drop to between 700 and 750 meters an acceptable downhill course can be set. The minimum Olympic vertical drop is 800 meters.

The men who considered only the ski runs were March Hoedler of Berne, Switzerland, FIS president; Cortland T. Hill of Los Angeles, vice president; Sigge Bergmann of Stockholm, Sweden, cross country chairman; and Otto Menardi of Cortina, Italy, downhill and slalom chairman.

## FORMER LOCAL MAN DIES AT SEBASTAPOL

A telephone call from Miss Regina Greene of Sebastopol Monday morning to Mrs. Fern Schleuter of Tahoe City told of the death of Lloyd Greene on Sunday following a heart attack.

Beside his daughter, Regina, the deceased is survived by his wife, Clara.

The Greene family is well known at Truckee and Lake Tahoe where they were in the variety store business in the former town before leaving for the valley.

At the time of the message, no arrangements had been made for the last rites, but Mrs Schleuter said the family asked that contributions be sent to the heart foundation instead of sending flowers.

## RAMIREZ TO SERVE SIX MONTHS IN JAIL

Louis Ramirez fo Truckee, who had pleaded guilty to raping a 14-year-old girl last February was given three years probation upon recommendation of leniency and sentenced to six months in the county jail by Placer County Superior Judge Lowell E. Sparks who presided in Nevada County Superior Court because of the illness of Superior Judge James Snell.

## HERBERT KING OF KINGS BEACH DIES

**Herbert King, 67, well known and highly respected resident of Kings Beach, expired here Wednesday afternoon. He had been suffering from a heart ailment. Masonic funeral services will be held Saturday at 2 p. m. at Truckee Colonial Mortuary. Details will be given in next week's issue.**

## AFFAIRS OF STATE
by Henry C. MacArthur

SACRAMENTO (CNS)—Government employes in the Sacramento area, who derive their living from hard-earned tax dollars paid in by private business enterprise, can now be tremendously proud of themselves.

For, according to the October issue of the GEE Reporter, which is short for government employes exclusively, they now have 50,000 members of Government Employes Enterprises, which sells goods of almost every description to government employes exclusively, at a discount.

Housed in an old and abandoned dance hall in the fringe areas of Sacramento, where there are no city taxes to consider, the GEE has built up during the past several months, a department store of mammoth proportions. While merchants in the state's capitol city, who are a part and parcel of the community, attempt to make a living the GEE has seduced 50,000 customers away from them via the discount route.

So big has the operation become that GEE is now installing its own gasoline station, to "save" members a few cents a gallon on their fuel purchases.

The Reporter proclaims it is adding a new juvenile department, as well as a new photographic department.

And to further detract from patronage in the legitimate business houses of Sacramento, GEE in the same issue of the Reporter devotes a full page ad soliciting the business of veterans.

"GEE is a complete department store where you can increase your paycheck 22.5 percent simply by making your purchases here and taking advantage of the sensational savings in every department," says the ad. "Only you or your spouse can enter the store . . . the general public is not admitted. There are 17 large departments to serve you at GEE, and long, easy terms can be arranged for you if credit is needed."

In addition to its department store which carries drygoods, appliances, food, liquor, drugs, toys, cosmetics and what have you, GEE is in the automobile business, and will finance new cars as well as accept trade-ins. It has a complete insurance program, and now is invading the gasoline station field.

Basically, the philosophy of the GEE is sponsorship of the trend toward Socialism which characterizes the civil service system of government. Socialism contemplates the use of private enterprise to provide the wherewithal for promotion of its system, and this is exactly what government employes in and around Sacramento are doing.

For by reason of its location, the government employe store is not a part of the business community of Sacramento. Therefore it has no obligation to participate in the community enterprise of this city, or in any other city where such a store may be located. Thus, the GEE enterprise appears to be part and parcel of a scheme to undermine the business activities of the people who pay the bills, and who have been paying them since the nation was founded.

Apparently, there are no laws preventing the operation of an enterprise of this type, and probably there should be no legislation affecting such an operation, for such would prohibit a legitimate business establishment from selling at a discount when it could.

However, thelegislature might look into the situation to determine whether savings of 22¼ percent are actually effective, and if so, reduce salaries in that amount to put government employes on an equal footing with the rest of the people.

## FARRAR BELIEVES HE HOLD NEW RECORD

F. A. Farrar, former resident of Truckee, now residing at Camptonville, believes he has set a record for receiving bad news. All in one week he had letters from Colorado, telling that his aunt, Amelia Handy was in a hospital at Denver; a second letter that informed him sister, Lillian Hollowell was hospitalized at Hardin, Mont., and a third letter advised him that a niece, Lorena Pearl Quimby, is hospitalized in Tacoma, Wash.

## NOTICE TO VOTERS

**NOTICE IS HEREBY GIVEN** to the electors of the State of California that the following Bond Act will be submitted to the People of the State of California for their ratification at the next general election to be held on the sixth day of November, A.D., 1956.

FRANK M. JORDAN,
Secretary of State

**FOR THE VETERANS BOND ACT OF 1956**
This act provides for a bond issue of five hundred million dollars ($500,000,000) to be used by the Department of Veterans Affairs in assisting California war veterans to acquire farms and homes.

**1**

**AGAINST THE VETERANS BOND ACT OF 1956**
This act provides for a bond issue of five hundred million dollars ($500,000,000) to be used by the Department of Veterans Affairs in assisting California war veterans to acquire farms and homes.

This proposed law, by act of the Legislature passed at the 1956 First Extraordinary Session, is submitted to the people in accordance with the provisions of Article XVI of the Constitution.

(This proposed law does not expressly amend any existing law; therefore, the provisions thereof are printed in BLACK-FACED TYPE to indicate that they are NEW.)

PROPOSED LAW

An act to add Article 5f to Chapter 6 of Division 4 of the Military and Veterans Code, authorizing the creation of a debt or debts, liability or liabilities, through the issuance and sale of state bonds, to create a fund to provide farm and home aid for veterans in accordance with the provisions of the Veterans' Farm and Home Purchase Act of 1943 and acts amendatory and supplemental thereto; defining the powers and duties of said committee and of the Department of Veterans Affairs and other state officers in respect to the administration of the provisions hereof; providing ways and means, exclusive of loans, for the payment of the interest of such debt or debts, liability or liabilities, as such interest falls due, and also for the payment and discharge of the principal of such debt or debts, liability or liabilities, as such principal matures; and providing for the submission of this act to a vote of the people at the general election to be held in the month of November, 1956.

The people of the State of California do enact as follows:

Section 1. Article 5f is added to Chapter 6 of Division 4 of the Military and Veterans Code, to read:

Article 5f. Veterans Bond Act of 1956

996.45. This article may be cited as the Veterans Bond Act of 1956.

996.46. For the purpose of creating a fund to provide farm and home aid for veterans in accordance with the provisions of the Veterans' Farm and Home Purchase Act of 1943 and of all acts amendatory thereof and supplemental thereto, the Veterans' Finance Committee of 1943, created by Section 991, shall be and it hereby is authorized and empowered to create a debt or debts, liability or liabilities, of the State of California, in the manner and to the extent hereinafter provided, but not otherwise, nor in excess thereof.

996.47. After adoption of any resolution by the Veterans' Finance Committee of 1943, provided for in Section 996.54 the State Treasurer shall arrange for the preparation of the requisite number of suitable bonds in accordance with the specifications contained in such resolution. The aggregate par value of all bonds issued under this article shall not exceed the sum of five hundred million dollars ($500,000,000) and shall bear interest at a rate not exceeding 5 percent per annum payable as provided in such resolution. Both principal and interest shall be payable in lawful money of the United States, at the Office of the State Treasurer, or at the office of any duly authorized agent of the State Treasurer.

All bonds issued under this article shall bear the facsimile signature of the Governor and the facsimile countersignature of the Controller and shall be endorsed by the State Treasurer either by original signature or by a signature stamp, and the bonds shall be signed, countersigned, and endorsed by the officers who shall be in office on the date of adoption of the resolution of the Veterans' Finance Committee of 1943, and each of said bonds shall bear an impress of the Great Seal of the State of California. Interest coupons attached to each bond shall bear the facsimile signature of the State Treasurer who shall be in office on the date of adoption of the resolution of the Veterans' Finance Committee of 1943. The Veterans' Finance Committee of 1943 may require that said bonds be authenticated by the State Controller or by any Deputy State Controller, and in such event no bond authorized hereunder shall be valid unless so authenticated in the manner so required. The bonds or coupons so signed, countersigned, endorsed, and sealed, when sold, shall be and constitute a valid and binding general obligation upon the State of California, although the sale or delivery thereof be made at a date or dates upon which the officers having signed, countersigned, and endorsed said bonds or coupons, or any or either of said officers, shall have ceased to be the incumbents of the offices held by them at the date of adoption of the resolution of the Veterans' Finance Committee of 1943. Each bond issue under this article shall contain a clause or clauses referring to this article and to the resolution of the Veterans' Finance Committee of 1943 hereunder by virtue of which said bond is issued, and if subject to call or redemption prior to maturity, shall contain a recital to that effect.

996.48. The State Treasurer shall, on the respective dates of maturity or prior redemption of said bonds, or as soon thereafter as said bonds are surrendered to him, pay the same out of the proceeds of the Controller's warrants drawn in his favor as provided in Section 996.49 and perforate the bonds so paid with a suitable device in a manner to indicate such payment and the date thereof. The State Treasurer, or his duly authorized agent, shall also, on the respective dates of maturity, cancel all bonds and appurtenant coupons bearing said dates of maturity and remaining unsold, by perforation with a suitable device in a manner to indicate such cancellation and the date thereof; provided, however, new bonds may be prepared and executed in lieu of bonds canceled solely by reason of the fact that such bonds have not been sold prior to their fixed maturity dates, whenever the Veterans' Finance Committee of 1943 shall determine such new bonds shall be prepared and executed, subject to the condition the total indebtedness created hereunder shall not exceed the maximum limit herein specified. Not less than four years after the final maturity date of a particular issue of bonds, the State Treasurer, or his duly authorized agent, may destroy or cremate any bonds of such issue which have been previously paid or canceled as hereinbefore provided.

996.49. All bonds herein authorized, which shall have been duly sold and delivered as herein provided, shall constitute valid and legally binding general obligations of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal and interest thereof. There is hereby appropriated from the General Fund in the State Treasury such sum annually as will be necessary to pay the principal of and the interest on the bonds issued and sold pursuant to the provisions of this article, as said principal and interest become due and payable.

There shall be collected annually in the same manner and at the same time as other state revenue is collected such a sum, in addition to the ordinary revenues of the State, as shall be required to pay the principal and interest on said bonds as herein provided, and it is hereby made the duty of all officers charged by law with any duty in regard to the collections of said revenue, to do and perform each and every act which shall be necessary to collect such additional sum.

On the several dates of maturity of said principal and interest in each fiscal year, there shall be returned into the General Fund in the State Treasury, all of the money in the Veterans' Farm and Home Building Fund of 1943, not in excess of the principal of and interest on the said bonds then due and payable, except as hereinafter provided for the prior redemption of said bonds, and, in the event such money so returned on said dates of maturity being less than the said principal and interest then due and payable, then the balance remaining unpaid shall be returned into the General Fund in the State Treasury out of said Veterans' Farm and Home Building Fund of 1943 as soon thereafter as it shall become available, together with interest thereon from such dates of maturity until so returned at the same rate as borne by said bonds, compounded semiannually.

Both principal and interest of said bonds shall be paid when due upon warrants duly drawn against said appropriation from the General Fund by the Controller of the State in favor of the State Treasurer, or his duly authorized agent, and the money to be returned into the General Fund in the State Treasury pursuant to the provisions of this section shall likewise be paid as herein provided upon warrants duly drawn by the Controller. The Department of Veterans Affairs, by resolution approved by the Veterans' Finance Committee of 1943, shall direct the State Treasurer to call bonds (which are then subject to redemption) if such call is desirable and whenever funds are available to effect such redemption, the part of each issue so called to be not less than all of the bonds maturing in any one year. Notice of such redemption shall be given by the State Treasurer in the manner provided in the resolution authorizing the issuance of said bonds.

996.50. The bonds authorized to be issued under this article shall be sold by the State Treasurer to the highest bidder for cash, either at public auction or upon sealed bids as the Veterans' Finance Committee of 1943 may by resolution determine. The Treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered plus the interest which shall have accrued thereon between the date of purchaser's payment for said bonds and the last preceding interest maturity date; and the Treasurer may from time to time, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, at such time and place as he may select. If said bonds are offered for sale upon sealed bids, then each bid shall be in writing and signed by the bidder and sealed, and shall be accompanied by the deposit of a certified check or cashier's check for five thousand dollars ($5,000), drawn on a bank or trust company authorized to transact and transacting business in the State of California, payable to the Treasurer of the State of California, such deposit not to bear interest. The deposit of each unsuccessful bidder shall be returned to him immediately upon the nonacceptance of his bid, and the deposit of the successful bidder shall immediately upon the acceptance of his bid become and be the property of the State of California and be placed in the State Treasury to the credit of the Veterans' Farm and Home Building Fund of 1943, and shall be credited to the successful purchaser upon the purchase price of the bonds bid for in case such purchase price is paid in full by him within the time mutually agreed upon between the successful bidder and the Treasurer. If the purchase price is not so paid, the unsuccessful bidder shall have no right in and to said bonds or by reason of said bid, or to the recovery of said deposit accompanying said bid, or to any allowance or credit by reason of such deposit unless it shall appear that the bonds would not be validly issued if delivered to the purchaser in the form and manner proposed. In case the purchase price is not so paid, the bonds so sold but not paid for shall be resold by the State Treasurer upon notice as provided in case of original sale.

Temporary or interim bonds, certificates, or receipts of any denomination whatever and with or without coupons attached thereto, to be signed by the State Treasurer, may be issued and delivered until the definitive bonds are executed and available for delivery. Signature of the State Treasurer may be by signature stamp.

996.51. Due notice of the time and place of sale of all bonds shall be given by said Treasurer by publication in one newspaper published in the City and County of San Francisco and also by publication in one newspaper published in the City of Sacramento and by publication in one newspaper published in the City of Los Angeles once a week during two weeks prior to such sale. In addition to the notice last above provided for, the State Treasurer may give such further notice as he may deem advisable, but the expense and cost of such additional notice shall not exceed the sum of five hundred dollars ($500) for each sale so advertised. The proceeds of the sale of such bonds and such amount as may have been paid as accrued interest thereon shall be forthwith paid over by said Treasurer into the Veterans' Farm and Home Building Fund of 1943 and must be used exclusively in aiding veterans in the acquisition of, or payments for, farms and homes, in accordance with the provisions of this chapter; provided, that the proceeds from the sale of said bonds may be used to pay the debt created by the issuance and sale thereof.

996.52. The Department of Veterans Affairs is authorized, with approval of the Department of Finance, to invest any surplus money in the Veterans' Farm and Home Building Fund of 1943 in bonds or obligations of the United States, or of the State of California, or of the several counties or municipalities or other political subdivisions of the State of California, and to sell such bonds, or obligations, or any of them, at the governing market rates, upon approval of the Department of Finance; or the Department of Veterans Affairs may, with the approval of the Director of Finance, invest money in such fund, in interest-bearing certificates of deposit of state banks having a paid-up capital of five hundred thousand dollars ($500,000) or more; provided, the total amount of money so deposited with any one bank shall not exceed a sum equal to 50 percent of the paid-up capital of such bank; provided, however, nothing herein contained shall inhibit the depositing in banks in accordance with Chapter 4, Part 2, Division 4, Title 2 of the Government Code, of money of any of the funds subject to the control of the Department of Veterans Affairs or appropriated for its use.

Interest accruing upon the deposit of money of the Veterans' Farm and Home Building Fund of 1943 shall be paid into and credited to said fund.

996.53. Upon request of the Department of Veterans Affairs, supported by a statement of the plans and projects of said department with respect thereto, and approved by the Governor, the Veterans' Finance Committee of 1943 shall determine whether or not it is necessary or desirable to issue any bonds authorized under this article in order to carry such plans and projects into execution, and, if so, the amount of bonds then to be issued and sold. Successive issues of bonds may be authorized and sold to carry out said plans and projects progressively, and it shall not be necessary that all the bonds herein authorized to be issued shall be sold at any one time.

996.54. Whenever the Veterans' Finance Committee of 1943 shall have determined that the sale of all or any part of the bonds authorized to be issued under this article is necessary or desirable to carry such plans into execution, in whole or in part, it shall adopt a resolution to this effect. The said resolution shall authorize and direct the State Treasurer to provide for the preparation of the requisite number of suitable bonds then authorized to be sold and shall specify as to such bonds then to be sold:

1. The maximum number of each denomination or denominations, aggregate par value, and the date of the bonds to be then sold. The date appearing on said bonds shall be deemed to be the date of issuance for all purposes of this article, irrespective of the actual date of delivery of such bonds and the payment of the purchase price thereof. Successive issues of bonds herein authorized shall be identified by the number of the issue, or the entire authorized issue may be divided into series or divisions appropriately identified by letter or number.

2. The date or dates of maturity, and the number and numerical sequence of the bonds maturing at each date of maturity, to be at annual intervals.

3. The provisions, if any, for the retirement of said bonds at any time or times prior to their maturity, the manner thereof, and the price or prices at which said bonds shall be redeemed.

4. The annual rate of interest which the bonds to be issued shall bear, to be in multiples of one-fourth of 1 percent, which rate, at the discretion of said committee, may be determined by the bidder at the time of sale of said bonds, not to exceed 5 percent payable as herein provided.

5. The provisions, if any, for the interexchange of bonds of different denominations, the issuance of new bonds of different denominations in lieu of, or in exchange for, bonds of a like aggregate principal amount but of different denominations, and the authentication of any bonds by the State Controller or by any deputy state controller.

6. The technical form and language of said bonds and of the interest coupons to be attached thereto.

In determining the date or dates of maturity of the said bonds and the amount of bonds maturing at each date of maturity, the Veterans' Finance Committee of 1943 shall be guided by the amounts and dates of maturity of the revenues estimated to accrue to the Veterans' Farm and Home Building Fund of 1943 from the transactions to be financed by each issue, and shall fix and determine said dates and amounts in such manner that, together with the dates and amounts of interest payments on the said bond issue, they shall coincide, as nearly as practicable, with the dates and amounts of such estimated revenues; provided, the bonds first to mature in each issue shall mature not later than five years and the bonds last to mature in each issue shall mature not later than 45 years from the date of issuance thereof.

The rate of interest to be borne by the bonds need not be uniform for all bonds of the same issue or series or division, and may be determined and fixed by the Veterans' Finance Committee of 1943 by resolution adopted at or after the sale of said bonds, but not exceeding in any case 5 percent per annum payable semiannually. The highest bid received on the sale of the bonds shall be determined by deducting the total amount of the premium bid (if any) from the total amount of interest which the State would be required to pay from the date of the bonds or the last preceding interest payment date, whichever is latest, to the respective maturity dates of the bonds then offered for sale at the coupon rate or rates specified in the bid, and the award shall be made on the basis of the lowest net interest cost to the State. The lowest net interest cost to the State shall be computed on a 360-day year basis. The interest coupon first payable may, if the Veterans' Finance Committee of 1943 shall so determine and specify, be payable at any time within one year after the date of issuance of said bonds.

996.55. All actual and necessary expenses of the Veterans' Finance Committee of 1943 and of the members thereof incurred in the performance of their duties arising out of the provisions of this article and expenses incurred by the State Treasurer in having said bonds prepared and in advertising their sale or their prior redemption shall be paid out of the Veterans' Farm and Home Building Fund of 1943, on Controller's warrant duly drawn for that purpose, and shall constitute expenses of the Department of Veterans Affairs.

Whenever the Veterans' Finance Committee of 1943 deems it advisable to obtain a legal opinion as to the validity of the bonds, prior to or after sale, from attorneys other than the Attorney General, the committee may authorize the State Treasurer or the Department of Veterans Affairs or both to obtain such a legal opinion. Payment for such legal services shall be made from the Veterans' Farm and Home Building Fund of 1943, on Controller's warrant duly drawn for that purpose, and shall constitute expenses of the Department of Veterans Affairs.

996.56. The Controller, the Treasurer and the Veterans' Finance Committee of 1943 shall keep full and particular account and record of all their proceedings under this article, and they shall transmit to the Governor an abstract of all such proceedings thereunder, with an annual report, to be by the Governor laid before the Legislature biennially; and all books and papers pertaining to the matter provided for in this article shall at all times be open to the inspection of any party interested, or the Governor, or the Attorney General, or a committee of either branch of the Legislature, or a joint committee of both, or any citizen of the State.

996.57. So long as any bonds authorized under this article may be outstanding, the Director of the Department of Veterans Affairs shall cause to be made at the close of each fiscal year, a survey of the financial condition of the Division of Farm and Home Purchases, together with a projection of the division's operations, such survey to be made by an independent public accountant of recognized standing. The results of such surveys and projections shall be set forth in written reports and said independent public accountant shall forward copies of said reports to the Director of the Department of Veterans Affairs, the members of the California Veterans Board, and to the members of the Veterans' Finance Committee of 1943. The Division of Farm and Home Purchases shall reimburse said independent public accountant for his services out of any funds which said division may have available on deposit with the Treasurer of the State of California.

Sec. 2. This act shall take effect upon its adoption by the people as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

Sec. 3. This act shall be submitted to the people of the State of California for their ratification at the next general election, to be held in the month of November, 1956, and all ballots at said election shall have printed thereon and in a square thereof, the words: "For the Veterans Bond Act of 1956," and the same square under said words the following in eight-point type: "This act provides for a bond issue of five hundred million dollars ($500,000,000) to be used by the Department of Veterans Affairs in assisting California war veterans to acquire farms and homes." In the square immediately below the square containing such words, there shall be printed on said ballot the words, "Against the Veterans Bond Act of 1956," and in the same square immediately below said words, in eight-point type shall be printed "This act provides for a bond issue of five hundred million dollars ($500,000,000) to be used by the Department of Veterans Affairs in assisting California war veterans to acquire farms and homes." Opposite the words "For the Veterans Bond Act of 1956," and "Against the Veterans Bond Act of 1956," there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against said act, and those voting for said act shall do so by placing a cross opposite the words, "For the Veterans Bond Act of 1956," and those voting against the said act shall do so by placing a cross opposite the words "Against the Veterans Bond Act of 1956." Provided, that where the voting of said general election is done by means of voting machines used pursuant to law in such manner as to carry out the intent of this section, such use of such voting machines and the expression of the voters' choice by means thereof, shall be deemed to comply with the provisions of this section. The Governor of this State shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

Sec. 4. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at said election as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the Governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act then the same shall be and become void.

Sec. 5. It shall be the duty of the Secretary of State to disseminate information relative to this act in accordance with Section 1, Article XVI of the Constitution. The costs of publication shall be paid out of the Veterans' Farm and Home Building Fund of 1943.

The Community Club was reactivated this past week with election of new officers and a program taking form to once again get all of the community residents participating. The 35 people in attendance elected Max Williamson, president; Evido Aro, vice president; Maggie Avila, secretary; Rudy Talso, treasurer.

Four members were elected to the board of directors to augment the officers. They are Lola Schull, Jack Gross, Mrs. Tom Heckle and Dick Reed.

— O —

Maggie Avila, Max Williamson and Bob Mason have qualified as first aid instructors so a first aid class will begin Tuesday, October 30. Classes will be held each Friday and Tuesday following until a total of 30 hours has been reached. The standard course in 18 hours. The advanced, 30 hours of classes. Eight to ten p.m. Place: Big Bend ranger station—so all you locals who need your cards renewed, here's your chance.

— O —

A Halloween party is on the fire for the benefit of the school kids—adults, too. For Wednesday night, October 31st at 6 p. m. at the school. So be sure and set aside that evening so you can attend and help make this first new Community Club program a big success.

The Sulphur Bank Mine in Lake County is renowned for its spectacular open-cut workings; first worked for sulphur in 165, it is a notable quicksilves producer.

## SKI LIFT ORDERS TO BE INFORCED HERE

Enforcement of the aerial passenger tramway safety orders, which became effective recently, was begun early this month by the state division of industrial safety of the departmnet of industrial relations, according to an announcement by Ernest B. Webb, director of the state department of industrial relations.

First official inspections of ski lifts were made in the Sierra, Donner Pass and Sonora regions by engineers of the division of industrial safety.

The orders are the first of their kind in the country, and will fill a long-sought need for safety regulations covering aerial passenger tramways. The orders include chair lifts, aerial cable cars, "J" and "T" bars and rope tows; and while they are specifically designed for the safety of employes using this equipment, they will add to the safety of the general public using them.

## KAISER BOAT WINS LAKE MEAD RACE

LAS VEGAS—Hawaii Kai III, owned by Edgar Kaiser of Oakland, Calif., and piloted by Jack Regas, won the Sahara Cup trophy for unlimited hydroplanes at Lake Mead last week.

The fastest hydroplanes in the nation took part in the final event of a two-day regatta and 25,000 persons lined the shores.

Shanty I conked out after two laps of the final six lap heat. Hawaii Kai was behind Shanty I at the start and after the first lap Shanty was leading with Hawaii Kai gaining ground. After two laps Shanty's engine went out. Shanty I, owned by William Waggoner of Phoenix, Ariz., and driven by Col. R. S. Schlee of San Francisco, had 800 points for two elimination heat wins.

Maverick, owned by Bill Waggoner of Seattle, finished second and Miss Seattle, owned by Norm Evans of the Washington city, came in third.

**What makes a glass of beer so right?**

● Here in California—with all our spectacular scenery and wonderful air—lots of us like to take to the trails and enjoy a glorious day out in the open. And later, when the horses are cooling off, we like to cool off with a glass of refreshing beer.

Beer's always been popular with Californians. It's a traditional part of our way of life—fits in with our relaxed informality. Today's beer is light, bright and friendly—the sociable beverage of moderation.

*Beer belongs to California living*

## School News

### DONNER TRAIL SCHOOL

On Wednesday, October 17, Mr. Bailey's class went to the weather station at Blue Canyon for a field trip. Mr. Hambidge was in charge of the station and showed us around. He explained all the instruments to us. There were wind instruments, barometers, temperature instruments, a teletype, and lots of other things.

On Thursday Mr. Trask's junior class in English and history visited our school.

They also dropped in to Miss Kessey's class and watched them at work.

We have some more new pupils. Their names are Patsy and Howell Burchfield. There are now 45 students at Donner Trail. We are told that more will be coming this week.

Albert Eberhardt writes that the worst scare he ever had was when he was helping his dad haul dirt. "I was sitting on the pile of dirt that was left when 'bing' something stung me. That something was a wasp. About that time the whole nest was stirring. Well, there I was sitting right on the nest. When they got through with me I was really stung up." Wasps just don't get along with us up at Donner Trail.

### KINGS BEACH SCHOOL

Kindergarten and First Grade: (Teacher, Elrose Knudsen.) Several new and used items have been made available for our use this week. A new easel was purchased by the district for our classroom use. Jay Bisio donated his slide for our playground, Janice Wing gave us a rocking horse, and Minnie Wagner gave us a puzzle. Thanks to all.

Randy Hiatt brought a box of his small blocks for all the children to enjoy.

The following first graders received new readers this week: Jay Bisio, Shari Decker, Ann Felte, Dyanne Lausche, Greg Pope, and Janice Wing.

We have another new kindergarten girl this week. She is Carol Elser. Carol brings our class enrollment to 35.

Second and Third Grades: (Teacher, Katherine Wing.) Ethel and Billy Woods, our second graders, transferred to Redwood City. They plan to return in the spring.

Our class is beginning to get the Halloween spirit. They not only draw pictures of witches but their favorite game is Old Mother Witch.

Five children put on a short playlet for our class Thursday. Those taking part in the play were: Jean Potkay, Carl Christiansen, Billy Hobbs, Wendy Howell and Chris Althof.

Fifty percent of our class received 100% in their final spelling test.

Mrs. Charlotte Patnoude, district health nurse, tested our eyesight Thursday.

Third and Fourth Grades: (Teacher, Dorothy Corbin.) This week in social studies we are making a map of California and marking off the Indian tribes. We have learned that the California Indians were considered very peaceful Indians.

Phil Thompson has made a wonderful covered wagon.

Some of the children in the classroom are making pine needle baskets. They are really turning out very nicely.

David Reese and Wayne Mandeville were absent from school this week. They had the flu.

Fifth and Sixth Grades: (Teacher, R. P. Bisio.) California, Nevada, Oregon and Washington have now been added to the giant map of the United States.

Daryl Brooks has been absent for the week, because of a cold. We all hope that he will soon be back with us.

Harry MacIntyre has returned after a brief illness.

Dick Cinani, Kris Felte, Gary Wing and Paul Franklin have been awarded their movie operators pins. This means that these children have shown aptitude in the operation of the movie projector.

### LAKE TAHOE SCHOOL

Kindergarten and First Grade: (Teacher, Geraldine Bean.) Our aquarium is back to school now. We have some new fish and are learning their names.

Best printing papers this week were done by Erik Hendrikson, Rocky Riggs and Embree Cross.

First and Second Grades: (Teacher, Solveig Beavers.) In the first grade those with very neat number books this week were: Tabor Griswold, Connie Day, Anna Marie Conners, Barbara Nielsen, Rocky Riggs, Tommy Carnell, Rod Farley and Ernie Marier.

We made funny pumpkin faces to decorate our window. Some very interesting ones were made by these second graders: Tommy Barr, Dick Pomin, Kim Marvin, Johnny Carnell, Mary Lou Sartor, and Jon Caulkett.

We also celebrated Jimmy Bechdolt's seventh birthday on October 16, with a party in our room. Jimmy's mother served refreshrefreshments.

Third and Fourth Grades: (Teacher, Lillian Farr.) The two grades prepared Halloween folders, each showing a crosscut sampling of individual class work to present at parent conferences which are being held this week and next. Cathy Conners topped her reading group this week in a core writing section inspired by titles taken from the reader.

Jayne Shontz made the greatest writing progress in the formal cursive writing program. This has been a happy event for her classmates, who have seen the hard manual training that she has subjected herself to without teacher supervision.

Fourth grade timetables chart award went to Greg Moore with Jeff Hewitt running a very close second.

Fifth and Sixth Grades: (Teacher, Helen Rauscher.) The fifth and sixth graders at Tahoe Lake have news time forabout 15 minutes every morning. The students discuss current events that they read in the newspaper or hear on the radio.

Sandra Snyder, Linda Sprague, Mary Ann Spitsen, Ingrid Kehlet and Chipper Marvin produced, directed and presented an entertaining play for their classmates called "Return of the Puddle Duck."

### TRUCKEE ELEMENTARY

Kindergarten: (Teacher, Dee Osborn.) It was the fathers who rated the take-home gift for October—a mounted picture of Columbus and a drawing of his three ships.

Miss Foresta McGouran, our supervisor from Auburn, visited us one day last week during the free activity period. Brian Smart and Steven Maynard built a tunnel through which they were running their cars. George Franceschini and Tommy Hill had built lumber mills and were transporting lumber from one to the other. Curtis Melugin and Bill Wickham had built locks for the boats. Stephen Kenyon and David Capel had a hanger for our large airplane, and David Goldsmith was caring for the plants.

Yvonne Johnson was managing the playhouse very efficiently with Tari Stevens and Darlene Boyers as her helpers. Michelle DeLisle, Sandra Ferdinand and Anna Maria Collier were working picture puzzles.

First Grade: (Teacher, Ruth Croxen.) John Clark and Michael Larsen have been ill. Michael Kydd, Pamelia Horman, Beverly King, Bobby Goldsmith and Richard Buck made very interesting Halloween masks.

Eddie Anderson, Kenny Betthauer, Dicky Daniels, Karin Meixner and Linda Russell have made some very good paintings for their scrapbook.

We have chosen room monitors to serve for a month. Crayons and pencils, Judy Ingalls and Susan Schuler; workbooks and paper, Bill Rose and Bill Cardinal; coatroom, Diana Daly and Michael Davis; mid-morning milk time, Henry Frates and Wilbur Glenn; lunch time, Michelle Harris, Chris Kumle, Phillip Risden and Ruth Notley.

Second Grade: (Teacher, Helen Trask.) We went on a field trip to the roundhouse in Sparks to learn more about trains for social studies. Mr. Hickey, the roundhouse foreman, took us on a tour through the shops. We saw one of the enormous rotary snow plows which will be used to clear the tracks up here this winter. John and Charles Collier told how their grandfather operates one of these. We ate lunch in Idlewild Park and had fun watching and feeding the many ducks. Later we wrote thank you letters to Mr. Hickey, and chose Mary Ann Moore's and Donny Whiteneck's letters to send to him.

Third Grade: (Teacher, Arlene Roth.) The third grade was more than thrilled as we left on our long-planned-for-trip to the Reno Municipal Airport last Wednesday. We watched many different kinds of planes land and take off.

We want to thank Mrs. Alex Ayala, Mrs. Paul Hamilton, Mrs. James Hensley, Mrs. Jerry Lewis, Mrs. Joseph Straub and Mrs. Clyde Strickler for going with us and helping us so much.

Fourth Grade: (Teacher, John Stever.) Responsibility in a democracy was stressed in the fourth grade during the week. Thrift and conservation of materials is the duty of the paper monitors, among whom are Judy McGwinn, Peggy Berger, Linda Moran, Steve Davis, Steve Rhoades, and Mike Harris. Responsibility for room neatness is in the hands of Marcia Leamon, Carol Kunkler, Linda Banyard, Eddie King, Donny Garcia and Dave Fordham. Other routine assignments: lunch cards by Linda Moran and Danny Garcia; mid-morning milk by Denny Stumbaugh, Steven Rhoades, and Tommy Barth; and the responsibility for lunch hour preparations by Judy McGwinn, Marcia Leamon and Linda Banyard.

Fifth Grade: (Teacher, Olia Tiffee.) Those pupils making a perfect score in spelling were David Notley, Karey Kielhofer, Daryl Androus, Maria Marin and Carolina Uribina.

Sorry Nicolosa Marroquinn moved to Sacramento.

Charles Hill, Steve Bisio, Ronald Buck, Kenneth Stumbaugh and Richard Ingalls are working on a timeline. Oral and written reports on these important events will be given by all the class.

Sixth Grade: (Teacher, Ruth Roberson.) A couple of weeks ago George Hendrix brought to school a caterpillar which he thought would develop into a monarch butterfly. It created quite a discussion in class, so we sent for a motion picture to show us the life cycle of this insect. Upon examining the movie carefully we did not believe George's to be the proper caterpillar to produce the monarch butterfly. But the time was well spent, and the picture was very enlightening.

**Familiar with Eastern Placer County; Floyd Bowers for Judge. (adv)**

## TAHOE TWIRLERS TO AID BEGINNERS

KINGS BEACH — The Tahoe Twilers will hold a beginners cass in square dancing, registration to begin at 8:30 p.m. on Saturday, October 27th in Carpenters Hall at Kings Beach.

Mrs. Jerry Little said that everyone interested is cordially invited to attend.

## Auxiliary Will Provide Election Day Service

KINGS BEACH — The Ladies Auxiliary of the VFW Post, No. 7077, will have a car pool and baby sitting service available for voters in the Kings Beach area on November 6th when every citizen in the region is urged by the auxiliary to vote. The service will be maintained from 10 a.m. to 5 p.m. and anyone wishing to avail themselves of the service may call Pearl Moore at Liberty 6-3514.

# WHAT'S DOING

George Selkirk, Telephone Manager, Truckee-Tahoe

### HELLO!

First, I want to say hello to the friends I have made since my appointment as manager of the Telephone Company in the Lake Tahoe-Truckee area, and also to the many subscribers whom I have not had the pleasure of saying hello to as yet.

My move into this area as your Telephone Company manager became official on October 1st. The biggest job at the present time seems to be getting acquainted with the different sections it is now our pleasure to serve.

It is with a great deal ofenthusiasm that the family and I move into this extremely friendly area and we sincerely appreciate the many kindnesses that have already been extended us.

To show my appreciation, I can only promise to do all that is possible in providing a telephone service which will lend to and increase in popularity this excellent recreational area.

GEORGE SELKIRK,
Manager.

* * * * *

## He found phones wherever he went

Recently, Mr. Bill Brown and his family took an auto trip to attend a business conference. After he returned, he sat down and wrote us a letter saying: *"The new modern roadside telephone booths were one of the most useful conveniences we found. They are everywhere, even out in state parks away from city populations. They saved us hours of time and eliminated so much of the annoyance of waiting."* Right you are, Mr. Brown. When you're away from home and have a call to make just look for that familiar Bell emblem. It means there's a phone handy.

* * * * *

## Where were you when that call came in?

The last time the telephone rang in your home, where were you? Cooking dinner in the kitchen, doing up that blouse in the sewing room or out in the workshop finishing up that chair? Wouldn't it have been swell just to reach out and answer the phone instead of rushing halfway through the house to get the call? Telephones in the rooms you use a lot are convenient. The cost is $1.00 a month for each one after a single installation charge. You can call us today and make yours a telephone-convenient home.

# don't run out of gas!

**California isn't producing enough oil to supply its own autos, its farms, its industries—or its share of the Nation's defense needs.**

**We are running out of gas!** Why?

Because today selfish operators with no regard for the public welfare are blocking modern conservation methods that **the entire oil industry knows will double California's oil recovery.**

A selfish minority is sabotaging YOUR gas supply . . . keeping the State of California from harvesting billions of dollars in State oil revenues that could pay —tax free as far as you're concerned—for our new water program and many other needed public services.

**PROPOSITION 4 GIVES CALIFORNIA . . .:**

- A 12 billion dollar increase in economic wealth.
- New jobs and 2 billion dollars in new paychecks.
- A new supply of 4 billion barrels of oil—for our cars, our planes, our industrial machines.
- A secure source of oil for our National defense.

**"THE LARGEST STAKE IS YOURS AND MINE"**
**—STATE CONTROLLER**

**"In Long Beach alone the entire State stands to benefit by hundreds of millions of dollars in added income under PROPOSITION 4.**

**"Without unitization . . . these new riches will be lost. You and I—as citizen landowners—hold the largest stake by far in the proper oil development of our State."**

**ROBERT C. KIRKWOOD,**
**State Controller, chief elective fiscal officer for California**

*For more oil . . . more gas . . . more tax benefits . . . more jobs . . . more security*

# vote YES on 4

**CITIZENS CONSERVATION COMMITTEE FOR PROPOSITION 4**

Flood Building, S. F.
3107 Wilshire, L. A.

# Why buy three policies when you can get Hartford's 1-Policy Package?

Once you had to pay three premiums. For the only way you could get broad insurance protection was to buy separate policies. You bought fire. You bought theft. You bought personal liability.

It's different now. Hartford's "1-Policy Package" combines *all* this vital home insurance protection and more besides in ONE policy. Just one convenient policy to keep track of and to pay for. And, if you want, installments arranged to fit your budget.

Another important consideration: Hartford's "1-Policy Package" may be easier on your pocketbook than the policies you now carry. For it can save you as much as 20% of what you would have to pay for separate policies giving you the same broad and dependable protection.

What about your present policies? We can arrange to give you credit for them. So don't delay. Whether you own your home or rent, see us for the full story about this policy before you pay another premium. Then decide.

## NORTH TAHOE

By JUDGE HARRY CHARRISON

**Halloween**

Yes, this is the big weekend that we have been looking for. It's the great Halloween party and dance this Saturday night at the Crystal Bay Club, and as usual the Veterans of Foreign Wars are the sponsors. From early evening to the wee hours dancing and fun will continue. Owners of the club tell me that a special platform will be set up in the casino, and gifts, balloons, etc. and an orchestra and buffet will be there for your pleasure. Be sure to come.

**Recovering**

Sorry to hear that Carmel Throop has undergone a serious operation. Mel tells me that she is making satisfactory progress and should be home any day. We all wish Carmel a very speedy recovery.

**Women's Club**

Mary Lou Waddell informs us that the first fall luncheon of the North Tahoe Women's Club will be held at the Crystal Bay Club on Monday, October 29th at 12:30. Invitations are being sent to all women of our area, however, with so many new people staying in this winter we may have missed a few. If you were missed please let this be your invitation. For reservations please call by Friday, October 26th, either Liberty 6-2289 or 6-3986.

**Hunting**

Heard a couple of gunshots, so maybe the hunting is good. Quite a few of our boys after ducks. I hope they are unlimited. Bob Molsberry came in to have a 125 pound deer validated. He was as proud as a peacock. Bob, I mean.

**Visitor**

Had a nice visit from Mr. and Mrs. Lee Propp during the week. Lee, of course, you know, is a candidate for the superior judge, a position which he now holds. We went out to a wonderful dinner party with Lee's many friends.

**Coming Along**

Our friend Tom Lucas who has been under the weather for some time is doing very nicely, which we are all glad to know.

**New Cottage**

The Charlie Mangs of Villa Vista, Tahoe Vista, are building a swell cottage down on the lake front. They have made extensive improvements since they took over three or four years ago. Dave Ashton is helping on the building.

**Lions**

Quite a number of Lake Tahoe Lions attended a big buck stew at the South Shore Club with their ladies. It was held at the Wagon Wheel at State Line. The party was led by Dave Ashton, president of this club.

**Important Meeting**

Just what we have been waiting for. Fred Schultz informs me there will be a very important public meeting on November 8th, Thursday at the Crystal Bay Club, Crystal Bay, and sponsored by Senator Harold T. Johnson and the Lake Tahoe Sierra Chamber of Commerce. The meeting will start at about 9 a.m., and will most likely, continue till 4 p.m. No less than 10 state agencies will be represented and anyone will be invited to bring up anything they might have for discussion.

**Visitors**

Mr. and Mrs. Fred Schultz, Sr., spent a few days at Kings Beach last week. They were accompanied by Mrs. Maude Stetson, Fred's aunt. It was so much fun that everyone was sorry to see them leave for home. Also up for an extended vacation is John Stetson, cousin of Fred's. John is getting really interested in the happenings of the Kings Beach area and is crazy about our town and especially our people.

**Twirlers**

Last week we said the dancing by the Tahoe Twirlers was specially for youngsters. That is not the case. The classes that will commence on October 27th at 8 p.m. are for grownups and it is hoped that many will join in the fun and enjoyment.

**Open**

Olsons of Tahoe will remain open all winter. They have a nice place where all kinds of novelties are sold. It certainly is nice to see so many places staying on the job.

**Mother**

Alice Dunham of Tahoe Vista had her mother up for a short period from Dana Point down by San Diego. It was sure a pleasure to meet her. Alice's children just couldn't bear to see her leave. Oh, yes, her name is Helen Thompson.

**Mother And Dad**

Stewart Brisbin had his mother and dad up for a visit from Portland, Ore. Mr. Lewis Brisbin is high up in the Shriners and Mrs. Brisbin is a bridge expert. Their stay was short but they had the time of their life.

**Batching**

Frank Daft of Tahoe City is batching now that his wife is in Ohio. She will not return until after the blessed event.

**On Trip**

Larry, Dennis and Peggy Ludlow are on a trip to Los Angeles where they will visit relatives. Larry told me that he heard that our friend, Jack Braden, is coming along splendidly from his serious operation. That is good news indeed. We hope he will continue to gain.

**Grandparents**

Alice and Andy Sorensen of Tahoe Vista are telling the world they are grandparents, a beautiful baby boy having been born at Corona October 17 to First Lieutenant and Mrs. Ray Sorensen of Laguna Beach. Gregory Dean weighed 7¾ pounds on arrival. His father is stationed at El Toro where he is a jet pilot in the U.S. Marine Corp.

## *Tahoe Items*

From Santa Barbara comes word that the John Mason Dixons of Crystal Bay are going on a long, leisurely trip which we'll learn more about on their return.

October is a birthday month in the William Bechdolt family with Bernie and Jimmie celebrating on October 15 and husband Bill on October 18.

Leaving Lake Tahoe in the early autumn for other places are Mr. and Mrs. Frank W. L. James, going to Inglewood, Mr. and Mrs. Manuel Caesar of Kings Beach to San Francisco. From Tahoe City Mr. and Mrs. G. B. Huston will winter at Ft. Bragg, Stella Watson is now located at Newcastle and the Stanley Boltons left for Hemet.

### Salt Lake Firm Low On Bidding At Cave Rock

CARSON CITY—The Salt Lake City construction firm of Gibbons and Reed submitted the low bid for building a second tunnel through Cave Rock on U. S. Highway 50 on the southeast shore of Lake Tahoe.

The firm's bid was $455,717. The formal award is to be made by the U. S. Bureau of Public Roads office in San Francisco, wth work to start immediately.

There are about 70 species of pines growing in the arboretum of the Institute of Forest Genetics near Placerville.

**Seniors vs. Future**

With graduation day only a short time away, Mr. Brehler and Mr. Sciutto have been interviewing the 40 student seniors, learning of their plans for the future. College is the goal for 18, junior college 5, nursing school 4, navy 6, army 2, and general work 5.

Student record files will soon be opened as many student high school records will be examined before college entrees are issued. If good citizenship, required subjects, high grades, dependability, punctuality, and activity participation, appear on a student's high school record, they will prove many things, but the most important is that the 12 years of schooling were not wasted, but well spent, and a successful future is in view when the seniors face the future.

**Dear Parents**

How would you like to be a high school student again? You would! Fine. There will be a bus to pick you up, deliver you to TnT, and then you will attend your classes. Don't cut your first day of school and please, no tardies. The main subject of the night will be "Parent-teacher Conferences."

**Senior Broadcasting Company**

One of TnT's many activities this year is for each class to sponsor a rally. Seniors were first and on October 19 they presented a television preview. Director, Frank Ratliff; assistant director and president of earth bar, Bob Heuga. Woodward & Armstrong Inc., sponsors of Wild Cream Root Mud. A pantomine to flying saucers was done by Karen Decker, Linda Loynd, Judy O'Neill, Janice Mandeville, and Jude' Commagere; famous dog act by Tom Sheehan and Bob Trask; This Is Your Life, by Karen Decker and Doug Wilson; a pantomine of Pelvis Presley by Dean Herzog; Davy Crocker vs. Betty Crocker by Dave Ashton and Sonja Schmidt; The Four Hits and One Miss, singing In the Alley Where You Live, by Linda Loynd, Karen Decker, Doug Wilson, and Jude' Commagere. Costume assistant, Anita Antilon; cameramen, Roger Halbert and Jerry Brown; signs, Carol Street and Mr. Alosi; back drops, Mr. Alosi and Ken Lavery; music, Scott Gilmore; stagehands, Wes Ball and Gary Gunkel.

The students' plentiful applause was a great reward for the time and effort given to make the senior rally the huge success that it was.

# NEWS NOTES FROM TAHOE

By Naomi McLane
P. O. Box 195, Tahoma

**Snow Stakes**

As the first snowstakes begin to be planted along the highway, does everyone think, "Oh, not yet?" And yet we have noticed that even the older inhabitants seem as eager and delighted with the first snow as newcomers and the children are. I think the snow is what has made a lot of our older inhabitants be older inhabitants and what makes some of the younger ones become older ones. Except in the mountains, where else in California are seasons so well seasoned?

**Move Houses**

This week saw the last of the three houses that Gerry Waters has had moved from Tahoe City put on its final foundations. The three buildings moved from the Bechdolt's Lake Chalets site, have been placed across the river at Deer Park Lodge where two will serve as family rentals and one as a dormitory. The Waters are adding fireplaces to two of the houses and will have all the renovating done as soon as possible. The Waters Deer Park Ready Mix gang had a dinner party at Pfeifer House Saturday night. Those present were Mr. and Mrs. G. D. Waters, Mr. and Mrs. L. G. Wilson, Jr., Mr. and Mrs. D. W. Dodd, Miss Edna Mixnor, and Mr. William Carlucci.

**To Be Wed**

Miss Pat Riley of Squaw Valley will be married to Robert Pyldesley this coming November 10, a Saturday, in the First Methodist Church in Reno. The newlyweds will live in Los Angeless, where we cannot help but point out, the skiing is not so good!

**Plans Opening**

Squaw Valley Lodge still plans its opening for Thanksgiving. The lift will be in operation that weekend and each weekend following until December 15. On that date the lift will go into daily operation and so continue for the rest of the season.

**Baby Shower**

Close to 30 women of the Tahoe-Truckee faculty and personnel honored Mrs. Pat Butterfield at a baby shower Friday evening at the home of Mrs. Helen Rauscher in Tahoe Park. Coffee and cake was served by the hostess teachers, Mrs. Lillian Farr, Miss Geri Bean, Mrs. Solveig Beavers, and Mrs. Helen Rauscher.

**At Waikiki**

While we watch the skies for snow clouds and the thermometers for lowest temperatures the Warren Porters are sunning themselves at the Breakers at Waikiki on a well-earned vacation. They write to Mrs. Ruth Jones that they are eating fresh pineapples and cocoanut cream pie every day! They sailed October 5 on the Lurline and will return stateside toward the end of the month. They will not return here for sometime after that however.

**Rotary Meets**

Rotary met on their usual night, Tuesday, for a dinner meeting at Bacchi's Inn in Lake Forest. Twenty-seven members were present and six visitors. Attorney-at-law Floyd Bowers spoke on the Constitution and meaning and reasons behind many of the amendments.

**PTA Meeting**

Tahoe Lake PTA is meeting today at the school where the main item of business is a clothing exchange which certainly sounds like an excellent idea in this area of constantly outgrown boots, ski clothes, et cetera, et cetera, and et cetera, to quote the King of Siam.

**Halloween Party**

The PTA's annual Halloween party for the youngsters will be held tomorrow night (Friday), at the school. Mrs. Caulkett and her committee have worked hard and long to make this event a success.

**Nursery School**

The nursery school wil hold a whist party at the nursery schoolroom Friday, November 16, at 8 p.m. Everyone is invited to come.

The present State of Rhode Island was settled by Roger Williams and other immigrants from Massachusetts Bay in 1636.

Let's put a Sportsman on the Placer County Bench, Floyd Bowers . . . X. (adv)

## Wallace Speaker At Lake Tahoe Meeting

TAHOE CITY—Gerald B. Wallace, Auburn attorney, was the guest speaker at the Tahoe City Rotary Club recently at the Tahoe Inn. He spoke on the subject "Extraordinary Powers of the Courts."

He explained the "discretionary writs" of mandamus, prohibition and certiorari. "The courts of California have far-reaching powers in issuing these writs," he said. "They can order positive or negative action taken, and they can review what has previously been done and decree that it be undone."

He told the inside story of how his name was kept on the ballot for superior judge by the district court of appeals after the court at Auburn had ordered it removed. William Bechdolt introduced the speaker.

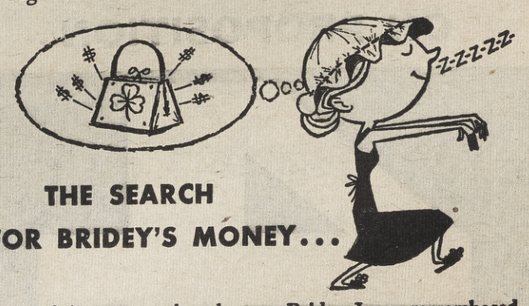
*You* know the goal we mean. It's something important to you and your family. Something you want. Like a new car, color TV, a bigger house, college for the kids. Or a little extra money tucked away, just in case. The best way to reach that goal is to save a definite amount of money every month *starting now,* in a savings account at Bank of America—where billions in resources provide *safety,* where your funds are always *immediately available* and where you can bank *conveniently* at any of our nearly 600 branches all over California. Your savings will earn full bank interest, too!



**THE SEARCH FOR BRIDEY'S MONEY...**

It certainly was amazing the way Bridey Jones remembered everything—*except* where she'd left her purse. Had a lot of cash in it, too. We just hope *you* don't ever carry a large sum around with you and risk losing it or having it stolen. A checking account at our bank is so much safer, and even handier than cash. You can pay bills by mail with Bank of America checks and save yourself that hiking around from store to store. Why not check your cash with us—*soon!*

**B of A Quiz Corner**

**DID YOU KNOW THAT** you can do *all* your banking with us by mail? Addressed envelopes, deposit slips, signature cards, loan application forms—anything you need to bank by mail—we'll furnish on request. It's just another convenient feature of Bank of America service.

STATE OF CALIFORNIA
DEPARTMENT OF PUBLIC WORKS
DIVISION OF HIGHWAYS

## NOTICE TO CONTRACTORS

Sealed proposals will be received at the office of the State Highway Engineer, Room 510, Public Works Building, Sacramento, California, until 2 o'clock p.m. on October 31, 1956, at which time they will be publicly opened and read in the Assembly Room of said building, for construction on State highway in accordance with the specifications therefor, to which special reference is made, as follows:

Nevada and Sierra Counties, between 0.5 mile east of Floriston and Nevada State Line (III-Nev,Sie-38-B,A), about 5.4 miles in length, to be graded and paved with portland cement concrete on cement treated subgrade and a reinforced concrete slab bridge to be constructed.

Bids are required for the entire work described herein.

The attention of bidders is directed to the fact that the work herein proposed to be done will be financed in whole or in part with Federal funds and that therefore all of the applicable Federal statutes, rules, and regulations will apply to such work.

The attention of bidders is particularly directed to the provisions of Section 7, article (a), subarticle (6), of the Standard Specifications regarding the use of domestic materials; to the provisions of Section 8, article (b), of the Standard Specifications regarding assignment of the contract; to the requirements of Section 7, article (h), of these special provisions regarding non-collusion among contractors; to the requirements of the special provisions regarding subcontracting; and to the prevailing wage rates predetermined by the Secrtary of Labor as provided in Sections 5 and 7 of the special provisions.

In accordance with Section 115 of the Federal-Aid Highway Act of 1956, the U.S. Department of Labor has issued Decision No. R-2051 dated September 11, 1956 constituting predetermination of the minimum wage rate prevailing in the immediate locality for the labor classifications anticipated to be used on the work. Laborers and mechanics employed by the Contractor or his subcontractors on the work shall be paid not less than these wage rates as listed below:

| | Per Hour |
|---|---|
| Carpenters: | |
| Carpenters | $3.00 |
| Power saw operator | 3.125 |
| Saw filer | 3.125 |
| Cement mason | 2.995 |
| Electricians | 3.50 |
| Piledrivermen, bridge. dock and wharf carpenters | 3.03 |
| | PerHour |
| Ironworkers: | $3.40 |
| Structural | 3.40 |
| Ornamental | 3.15 |
| Reinforcing | 3.20 |
| Fence erector | |
| Painters, Nevada County: | |
| Brush | 2.725 |
| Structural steel | 2.725 |
| Spray | 2.725 |
| Painters, Sierra County: | |
| Brush | 2.55 |
| Sheet metal workers: | |
| Nevada County | 3.30 |
| Sierra County | 3.00 |
| Laborers: | |
| Header board | 2.575 |
| Cribbers | 2.575 |
| Lagging, sheeting, whaling, bracing, trenchjacking, hand-guided lagging hammer | 2.575 |

| Under 2500 gallons | 2.50 |
| 2500 gallons and over | 2.60 |
| Tire repairman, job site construction (This classification shall only apply where a full time employee of the contractor is assgined to the work at the sole discretion of the contractor) | 2.925 |

In accordance with the provisions of Section 1770 of the Labor Code of the State of California, the Department of Public Works has ascertained the general prevailing rate of wages applicable to the work to be done to be as follows:

| Rate Per Hour | Classification |
|---|---|
| | Skilled Labor |
| $3.095 | Asphalt plant engineer |
| 3.00 | Carpenter |
| 2.995 | Cement finisher (journeyman) |
| 2.705 | Concrete mixer operator (up to one yard) |
| 3.035 | Concrete mixer operator (over one yard) |
| 3.095 | Heavy duty repairman |
| 3.095 | Mechanical finisher operator (concrete or asphalt) (highway or street work) |
| 3.255 | Operator of power shovel and|or other excavating equipment with shovel-type controls (up to and including one yard) |
| 3.425 | Operator of power shovel and|or other excavating equipment with shovel-type controls (over one yard) |
| 2.725 | Painter (Nevada County) |
| 2.55 | Painter (brush) (Sierra County) |
| 3.255 | Power grader operator (power planer, motor patrol or any type power blade |
| 3.15 | Reinforcing iron worker |
| 2.325 | Road oiler |
| 3.095 | Roller operator |
| 2.705 | Screed man |
| 3.095 | Spreading machine operator |
| 3.095 | Tractor operator |
| 2.625 | Truck driver (6 cubic yards and less than 8 cubic yards water level) |
| 2.85 | Truck driver (8 cubic yards and less than 12 cubic yards water level) |
| 2.85 | Truck driver (12 cubic yards or more water level) |
| | Intermediate Grade Labor |
| 2.575 | Asphalt ironer and raker |
| 2.595 | Apprentice (oiler, fireman, watchman) |
| 2.575 | Blaster-powderman |
| 2.48 | Bootman |
| 2.765 | Boxman or mixer box operator (concrete or asphalt plant) |
| 2.705 | Fireman in hot plant |
| 2.575 | Header board man |
| 2.595 | Heavy duty repairman—helper |
| 2.575 | Jackhammer operator |
| 2.425 | Operator of vibrators and all pneumatic gas and electric tools |
| 2.325 | Truck driver (less than 4 cubic yards water level) |
| 2.465 | Truck driver (4 cubic yards and less than 6 cubic yards water level) |
| | Unskilled Labor |
| 2.325 | Flagman |
| 3.325 | Laborer |

The minimum wage paid to all skilled labor for which rates are not shown above shall be not less than $2.25 per hour.

The minimum wage paid to all intermediate labor for which rates are not shown above shall be not less than $2.25 per hour.

The minimum wage paid to all unskilled labor for which rates are not shown above shall be not less than $2.35 per hour.

Overtime—not less than one and one-half (1½) times the above rates.

Sundays and holidays—not less than one and one-half (1½) times the above rates. The holidays upon which such rates shall be paid shall be all holidays recognized in the collective bargaining agreement applicable to the particular craft, classification or type of workmen employed on the project.

In the event there is a difference between the minimum wage rates as predetermined by the Secretary of Labor and the prevailing wage rates as determined by the Department of Public Works for similar classifications of labor, the Contractor and his subcontractors shall pay not less than the wage rate which is the higher of the two.

Plans may be seen, and forms of proposal, bonds, contract, and specifications may be obtained at the office of the State Highway Engineer, Public Works Building, Sacramento, California, and they may be seen at the offices of the District Engineers at Los Angeles and San Francisco, at the office of the District Engineer of the district in which the work is situated, and at the office of the Associated General Contractors in San Francisco.

No bid will be considered unless it is made on a blank form furnished by the State Highway Engineer and is made in accordance with the provisions of the Proposal Requirements and Conditions setforth under Section 2 of the Standard Specifications. Each bidder must be licensed and also prequalified as required by law. (See said Proposal Requirements and Conditions.)

The Department of Public Works reserves the right to reject any or all bids.

## New Transatlantic Cable Completed By Phone Co.

A new transatlanic telephone cable system, the first physical voice link to be established between North America and Europe was inaugurated and opened to public service.

Cleo F. Craig, chairman of the board of directors of American Telephone and Telegraph Company was the first to speak over the $42,000,000 system. He exchanged greetings with Dr. Charles Hill, head of the British post office, who spoke from London. He also spoke with George Marler, Canadian minister of transport, in Ottawa.

The cable, system under construction for more than two years, is not only the first of its kind to cross the Atlantic, but the first underwater link to span any ocean.

It was announced some time ago that laying of another transocean telephone cable from Point Arena in California to Koko Head, Hawaii, will get underway early next summer.

A.T.&T., the British Post Office and Canadian Overeas Telecommunication Corporation are partners in the transatlantic cable enterprise. The deep sea portion of the system was laid under supervision of the Long Lines Department of A.TT.&T., the Long Distance Operating Unit of the Bell System. Engineers and scientists of Bell Telephone Laboratories designed and tested the system.

The transatlantic system can carry 36 conversations at the same time and thus is able to handle about three times the traffic now transmitted between this continent and Great Britain by radiotelephone.

The deep sea segment of the system extends 2250 miles from Clarenville, a small village on the East Coast of Newfoundland, to Oban, Scotland. From Oban, new trunk lines link the system to switchboards in London.

On this continent, other sections bring the transatlantic circuits to Portland, Maine, and Montreal.

The underwater cables were laid over a period of seven months by the cable ship Monarch.

Since cables of the design used in the Atlantic section of the system transmit in but one direction, two cables were needed to make a conversation possible. The two cables lie some 20 miles apart on the ocean floor. The southernmost transmitting West to East and the northermost East to West.

Both cables have an average overall diameter of 1½ inches.

Successful completion of the Atlantic cable system climaxed a quarter century of active research in this field by communications men on both sides of the Atlantic.

## HOME BUILDING HITS HIGH GEAR IN AREA

Home building throughout the district is continuing with the foundation being built this week for the house of Mr. and Mrs. Zeph Rose, located on the corner opposite Tahoe Forest Hospital.

Mr. and Mrs. Dave Rose's new house, a block west, will be started within the week, according to Rose.

Mr. and Mrs. Harry Digesti are having some preparatory work done on their property located next to the I Firpo residence.

Mr. and Mrs. John L. Thompson are leaving for Canoga Park following the completion of their house on the south side of Donner Lake.

The future home of Mr. and Mrs. Ed Meiss being erected on the hillside above Donner Lake is also taking shape as the season closes.

Another place in the same area is being built for N. Delouci of Sacramento.

## Pedestrians Are Warned Of Fall Motoring Danger

October through March is the danger period for pedestrians in California, the California Highway Patrol says.

"The increased pedestrian fatality rate during the fall and winter months is due primarily to lowered visibility during the early evening hours," declared Patrol Commissioner B. R. Caldwell today. "Motorists and pedestrians alike should keep in mind that the distorted perspective of the twilight hours calls for increased alertness on the part of both drivers and pedestrians."

"During the six month period, October 1955 through March of this year, 6800 pedestrians were killed or injured in traffic accidents in California," Caldwell continued. "The highest hourly rate was recorded during the hours six to eight p. m.

"To avoid accidents pedestrians should wear something white at night and look both ways before crossing any street or roadway," concluded Commissioner Caldwell. "Remember, what you don't see can hurt you."

Superior ability for Superior Judge, Floyd Bowers . . . X. (adv.)

## Positions Are Open In State Forestry Division

Permanent, year-round employment has replaced several seasonal positions in the division of forestry, it has been announced by the state personnel board.

Formerly hired only for the fire season each year, men who qualify for these jobs are entitled to full civil service benefits which include three weeks' vacation, paid holidays, and generous sick leave and retirement plans.

Competitive examinations have been scheduled for the following classes: forest fire truck driver, paying $325-$395, with final filing date of October 25; forestry work project foreman, $358-$481, with a final filing date of November 2; forest firefighter foreman, $325-$436, with final filing date of November 16.

Detailed information and application forms are available at the state personnel board in Sacramento, San Francisco and Los Angeles, or at any department of employment office.

### COMING HERE

Mrs. Paul Doyle and child will soon arrive from Sacramento to join her husband, employed by the Western Union office here. Mrs. Doyle will be employed at the local high school.

# TRUCKEE TID BITS

By SWANEE
(Phone Truckee 188)

Charles Fink is one of the luckier hunters to get his buck this season, bagging his on Thursday last in the Floriston area. His companions were Glenn Coffey and Roy Waters. The animal was a three-pointer weighing around 140 pounds.

* * *

One of the few lucky hunters was Mrs. Dorothy Morhain, who killed a forked horn with one shot through the head, spoiling no meat, in region of Martis Peak earlier in the season. He weighed in at about 94 pounds. Mrs. Morhain is now in Idaho trying to bring down at elk.

* * *

Mr. and Mrs. Jack Miller are hurrying completion of their new four bedroom home on the east end of Donner Lake and hope to move in before snow flies. Miller has rented the one bedroom residence he built in the same location earlier this summer.

* * *

October 16th was the occasion for a celebration in the William Curran home in town with little two-year-old Shauna Curran being honoree because it was her birthday. The table was specially decorated for the family dinner party and the young lady received three lovely birthday cakes, one made by her 14-year-old sister, Sheri. Many nice gifts were received during the day. Those present included the William Currans and daughters Shauna, Kathy, Wiliana and Sheri, and Grandma Mrs. Carrie Prendergrast and Great Aunt Mrs. Virginia Clary, both of Sparks, Dickie and Teddy Daniels and Sue Halloman of Truckee.

* * *

Mrs. Pearl Heller returned to Truckee on Saturday night after having attended the Grand Chapter of the Eastern Star held in the San Francisco Civic Auditorium attended by an estimated 10,000 persons.

Mrs. Heller wishes to issue a reminder that the Sunshine Girls, which she heads, will have the opportunity of exemplifying their ritualistic work before the Pythian Sisters and Knights of Pythias Friday night in Oddfellows Hall. The affair wil start around 8 p.m. and refreshments will be served during the evening.

* * *

Mrs. Edith Trent spent the weekend in Richmond where she visited at the home of her parents, Mr. and Mrs. Fred Lease. Her father was released from a Richmond hospital on Thursday following a serious illness but is now on the road to recovery.

* * *

Mrs. Roy Waters has just returned to her home here following a four-day visit at the home of her parents, Mr. and Mrs. Arthur Warren of San Mateo. Her mother is recovering from a recent sick spell.

* * *

Mrs. Fred Pedley was one of a delegation of 110 interested local residents who attended the special highway meeting held in Sacramento on Thursday last. She offered high praise for Senator Swift Berry of El Dorado county who conducted the meeting and Assemblyman Francis Lindsay of Placer county who closed it.

* * *

Major Robert Edwards of Truckee accompanied his wife Mary to San Francisco last week where she will undergo a medical checkup. Her many local friends are wishing her the best of good luck.

* * *

Frank Gaiennie was among lucky hunters over a recent weekend, bringing home the limit of ducks from Fallon. He also received a good "ducking" when he jumped into the chilly water, fully clothed, to rescue the party's motor which fell from the boat accidentally. Those accompanying him were Elden Tonini of Truckee and Carl Bechdolt, Jr., of Tahoe City.

## "TRICK OR TREAT" PARTY AT METHODIST CHURCH

Rev. W. Osman reveals that there will be a "Trick or Treat" party on Halloween, Wednesday, October 31. Starting at 6:30 p.m. It will be like any other Halloween party except that the "Trick or Treat" will be for UNICEF. UNICEF is the United Nations International Children's Emergency Fund.

The party necessarily will be restricted to those who do the calling at the doors for the UNICEF.

Some children will be leaving the church at 6:30 and another group at 7 p.m. A word of instruction and caution to the parents in the homes, please do not honor a collector unless he or she has a UNICEF labled small milk carton for the collection and an arm band with the letters UNICEF printed on it and the name of the caller printed as well. If in doubt, please call Rev. Osman at 233 to check.

**Beat Snow—**
Mr. and Mrs. P. R. Murray of Tahoe Estates at Tahoe Vista left for Merced ahead of Tuesday's snowfall, wishing us a pleasant winter.

**Monday Hostess—**
Mrs. L. D. Nelson was hostess to the Monday Evening Card Club group. Refreshments were served at the close of the play.

## COACH SPEAKER AT LAKE ROTARY MEET

KINGS BEACH — President Pappy Brooks presided at the regular weekly meeting of the Rotary Club of Brockway on Monday night. Visitors were present from Tahoe City and Reno.

The club voted to give $15 towards the expenses of the Halloween party to be held at the Community Church.

The speaker of the evening was Coach Stanley Drakulich of the Truckee-Tahoe football team. Coach Drakulich introduced three members of his team, Dave Rickert, Rex Donaldson and Craig Robinson, who each gave a short talk on sportsmanship. Coach Drakulich's theme was "Team Harmony" and incorporated the necessity of cooperation and help of the parents and the people of the community.

An interesting letter was read by the secretary from the Rotary Club of Cairo, Egypt. Incidentally, the officers of their club are a cosmopolitan group, being, president, an Egyptian of Christian faith; past president an Egyptian of the Moslem faith; vice president a Christian American and the treasurer a Frenchman of the Hebrew faith.

Next Monday night, October 29, will be ladies night when the club will welcome District Governor Clyde Curtis, his wife and daughter, for an official visit. Time and place: 7 p.m. at the Crystal Bay Club. All members are urged to be present.

AUBURN — Auditors and tax collectors from 20 northern California counties were meeting in Auburn yesterday and today for a regional conference.

**Home For Holiday—**
Mrs. Lloyd Van Sickle wrote from Drummond, Idaho, that her father is ill but they are hopeful for his recovery and the family expects to return to Truckee by Christmas.

**CARD OF THANKS**

Acknowledging to our many friends our sincere thanks for all your kindness and thoughtful expressions of sympathy.

Eugene, Tony and Ronald Ilardi
Mr. and Mrs. A. R. Ghirard
The Cozzalio Family
Mrs. Robert Rose

## *Judge Is Better*

Judge James Snell, who has been confined to his home because of illness, is reported improving and is expectd to be back on his superior court bench by November 1. In the meantime efforts are being made to obtain the services of an outside judge to clear the docket in the Nevada county court.

# Tarzan

by EDGAR RICE BURROUGHS®

TARZAN, WALTER KEYS AND JOE RICE WERE STUNNED WHEN SEVERAL SNARLING CHEETAHS LEAPED OUT FROM THE BUSH AND SURROUNDED THEM.

THE CHEETAHS OPENED A PATH FOR A BAND OF SCREAMING NATIVE TERRORISTS WHO WERE PREPARED FOR THE KILL.

"WAIT!" CRIED TARZAN. "HAVE YOU SEEN A WHITE GIRL?" THE LEADER LAUGHED VICIOUSLY. "IF WE HAD, SHE WOULD HAVE DIED-- LIKE YOU!"

TARZAN QUICKLY WHISPERED TO HIS FRIENDS. "WE CAN'T ARGUE, SO WE MUST RUN FOR IT-- NOW DO EXACTLY AS I SAY..."

10-28-1338

CONFUSION FOLLOWED-- FOR THE THREE MEN SUDDENLY DREW THEIR WEAPONS AND FIRED AT THE CHEETAHS!
